Counsel,

I am just following up on our call from last Wednesday. Thank you again for speaking with us. I understand that you are looking into the production of the email that was attached to our letter together with whatever routing and meta data are there, and looking into identifying whether any other custodians have additional emails from A Group Properties from 2011 and 2012, and you will get back to us with an update on December 20. I also understand that Mr. Osolake's emails from 2011 were not retained, but that you are looking into whether his emails from 2012 are still in your client's possession.

To potentially assist with your search, I am attaching a list of names of JP Morgan employees we think may have discoverable emails in their possession/past inboxes (aside from the two employees identified in the initial attached email) based on the public filings in related matters. The list is divided into Tier 1 and Tier 2 in terms of urgency-- since it is long, we hope this will make it more manageable.

We look forward to your update next week.

Best,
Catherine
